PHYSICAL SURVEILLANCE

FBI surveillance teams operating in the US covertly track drug dealers, corrupt officials, spies, terrorists, and other criminals. Acting as the eyes and ears of the FBI, agents and surveillance professionals follow subjects on foot, in cars, and on public transportation to identify subjects and gather evidence.

Locate and redact or circle the following words within the grid. The words may be hidden horizontally, vertically, or diagonally and may appear backward or forward. Ignore words contained within parentheses.
